

## Rolling Green Golf Club Announces Brian Chapin as New Head Superintendent

**Springfield, PA (January 16, 2018)** -- The private, member-owned Rolling Green Golf Club, proudly announces the hiring of Brian Chapin as their new Head Superintendent.

Chapin brings 18 years of experience to the role and spent the past 13 years at the Paramount Country Club in New City, New York.

In 2008 he accepted his first head superintendent position and spent the past nine years renovating and improving Paramount Country Club. As a result of his relentless effort, the club was awarded "*Best Private U.S. Renovation*" by Golf Magazine in 2013. The club was also recognized for its first time as one of the "*Best Classic Golf Courses*" by Golfweek Magazine in 2014.

When asked what attracted him to Rolling Green he replied, "I love the history and legacy of this golf club. William Flynn's design is amazing and can't wait to enhance the beauty of this historic course." While his passion is creating an unbelievable golf experience for his members, he also enjoys playing and learning from them.

"The warm reception at Rolling Green has been amazing, the amount of calls and emails I have gotten from the members has been incredible. I can't wait to continue to meet and golf with them to create the best course possible."

As a kid, Brian loved competing in sports and feels the same competitive spirit for his new role at Rolling Green. Brian said, "This area has so many established courses nearby I can't wait to make Rolling Green Golf Club the preferred course to play."

The national search for Chapin's selection was led by the company of Kopplin, Kuebler & Wallace and was comprised of the dedicated members of Rolling Green Golf Club. Chapin was hired for his passion for the game, his experience and future vision for the club. Brian has also participated in several exclusive tournaments such as the 2006 US Open at Winged Foot Golf Club as well as the 2001 Senior PGA Championship at Ridgewood Country Club.

### **About Rolling Green Golf Club**

Rolling Green Golf Club is a private golf club only 20 minutes from Philadelphia and has been a staple in the community since 1926. The William Flynn designed course has hosted the U.S. Women's Open in 1976 and most recently the 2016 U.S. Women's Amateur Championship.
